

# Double Panel Architectural Multi Frame Sign System

Our **Double Panel Architectural Multi Frame System** is a sleek, double-sided aluminum frame that is easy to assemble and install. Ideal for permanent applications, it offers the convenience of easy panel removal by simply taking off the top cap with a screwdriver. These are tenant dividers separating the 2 panels. This multi-frame system can accommodate two signs.

- Accepts 3MM and 6MM substrates
- Requires two panels with a print on one side
- Panels mount flush
- Two post positions if more space is desired between the frame and the posts
- Approximately 3/4" is covered on edge of each panel
- Post length is 8' max
- Size of post is 2 1/2" x 3"
- Assembles in 5-10 minutes

## Visible Area

The panel size and the visual space are not the same. Calculate your visual space by subtracting:

■ 1.25" for each sides of the panel

## Post Type

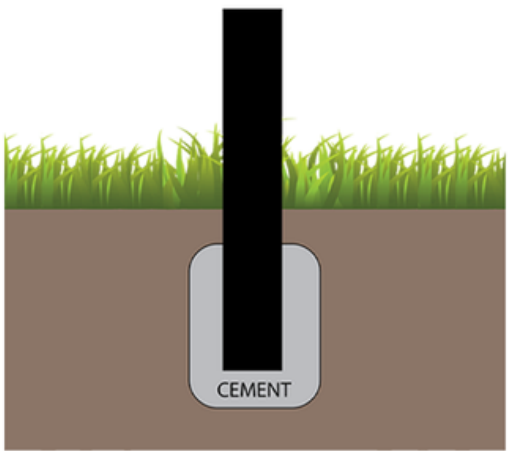

Semi Round

## Available Colors
